1) Refer "GMR Sustainable Procurement Policy" attached

2). Contract Clause on Data Protection:

1.1. Any information or data provided by GMR to a *Consultant/ Contractor/ SupplierNendor (which shall include its agents, sub-contractors and partners etc.) or received by them from any other source (Their own observation or from third parties connected with this activity) as required directly or indirectly in the performance of this Agreement, shall remain at all times the property of GMR. The Consultant/ Contractor/ SupplierNendor shall take all precautions to keep and maintain all such information and data pertaining to GMR in strict confidence, so as to prevent any unauthorized access or disclosure, any corruption or loss, leakage, damage or destruction.

1.2. At any time during the term of this agreement or even after its termination / expiry, (or) as and when directed by GMR, the Consultant/ Contractor/ SupplierNendor and/ or all its agents and sub-contractors shall erase (from the systems or record) or return to GMR, all the information, data, documents, etc. provided by GMR and shall confirm the same to GMR through an undertaking or certifying to that effect. By signing this Contract, the Consultant/ Contractor/ SupplierNendor agrees to comply and initiate measures in place to ensure that its agents and sub-contractors also adhere at all times with the

provisions and obligations contained herein.

1.3. All information/ data acquired by Consultant/ Contractor/ 'General clause' Nendor from GMR shall only be used for the purposes of this Agreement and shall not be further processed or disclosed without the prior written consent of authorized representative of GMR, to any third party.

1.4 The Consultant/ Contractor/ Supplier Nendor shall indemnify GMR, its affiliates, and their respective officer(s), director(s), employee(s) and agents(s) and hold GMR harmless for any breach in relation to all claims, suits, causes of action, liability, loss, costs and damages, including reasonable attorney fees, arising out of or relating to any third party claim arising from breach (under this clause) by Consultant/ Contractor/ Supplier Nendor of its obligations contained in this Section, except to the extent resulting from the acts or omissions of GMR in managing and protecting information and/or data of GMR.

1.5 The Consultant/ Contractor/ Supplier Nendor shall immediately notify in writing to GMR about any unauthorized access/ transfer/leakage of GMR's information or data by any unauthorized third party or person, or becomes aware of any data/information or security breach incident either formally or informally. The Consultant/ Contractor/ Supplier Nendor shall also be obliged to support GMR team/ representatives in conducting detailed investigation of such reported incident by providing required access to the details/ systems and also by organizing access to the details maintained by their associates to enable GMR to conduct the investigation and to protect their interests.

1.6 Either Party, agrees to accord his/her/its unconditional consent to the other for holding and processing information for the administrative and management purposes under this Agreement and in particular to the processing of any sensitive data or information as defined in the "Information Technology (Reasonable Security Practices and Procedures and Sensitive Personal Data or Information) Rules, 2011.

1.7 Any sensitive information or data shared by the either Party to the other, which fall under Rule 3 of Information technology (Reasonable Security Practices and Procedures and Sensitive Personal data or Information) Rules, 2011 shall not be disclosed or revealed to any outside or third party, without due permission and written approval of the Party disclosing such information or data.

1.8 The Consultant/ Contractor/ Supplier Nendor acknowledges that failure to comply with the above requisitions, standards and appropriate governance of data and information can be considered as breach of its obligations and covenants that may cause GMR irreparable damage for which only monetary compensation would not be adequate. The Consultant/ Contractor/ Supplier Nendor agrees that, in the event of such breach or threatened breach, GMR shall also be entitled to seek equitable relief, including a restraining order, injunctive relief, specific performance and / or any other relief that may be available under appropriate provisions of law or in equity.

1.9 The payments released or due for release to the Consultant/ Contractor/ Supplier Nendor will be subject to this provision of the Contract and any deviation to Clauses 1.1 to 1.8 above will result in recovery of the amount towards loss or damage to GMR as decided by GMR. Any disputes pertaining to this provision of Contract shall be resolved as per the Dispute resolution clause of this Contract.

6. Commencement of the Works:

Before commencing the Works, you shall ensure that prior approval is taken from Authorized Officer of DIAL.

The Works shall have to be carried out by you as per the directions of Authorized Officer of DIAL. The detailed drawings, specifications (if any) supplied by Authorized Officer of DIAL shall be read along with the specifications for the Works.

All passes if required shall be obtained before the expected start of work. The supplier shall get in touch with Pass Sections at the DIA within two days of receipt of the purchase order

7. Billing & Taxes:

All Bills and accompanying documents should be raised and submitted in original; as per the Payment Terms, and should be accompanied by original copies of duly receipted/ certified Delivery Challan/ Work Progress or Completion Certificate, as applicable. No payment shall be released against any duplicate bills, work progress report or Completion Certificate or delivery challan. All applicable taxes such as VAT, Service tax WCT shall be mentioned separately in the invoice.

Note: Suppliers/Contractors to ensure submission of their GST details, In the attached GST Annexure to this PO, immediately along with PO acknowledgement / Acceptance.

Goods and Services Tax

In terms of GST provisions regarding Input Tax Credit Availment conditions and Nntificalioo No 49/2019-Ceotcal lax dated 9th October 2019 and Cicc,•lac Nn 12314212019. GST dated 11th Noverobec 2019 (F No CBEC - 20/06/1412019 - GSI) and as amended from time to time the GST Input Tax Credit (ITC) availment has been restricted as specified in terms of sub-rule (4) of rule 36 of CGST Rules, 2017 **if there is a delay in filing GSTR 1 beyond due date, and ITC would not be available.** DIAL shall be downloading the GSTR 2A Report on or after the due date of filing GSTR 1 by suppliers (i.e. 11th of subsequent month for suppliers who file monthly return), for claiming ITC available for a particular month. The supplier shall file GSTR 1 and GSTR 3B within due dates to enable DIAL to avail ITC within stipulated timelines.

Therefore GSTR 1 must be filed on or before the due date by the Supplier, incorporating the invoice Issued to DIAL with all the particulars correctly mentioned, in order to enable DIAL to claim GST ITC of the invoice issued to DIAL. In case of non-adherence/non-compliance DIAL shall be entitled to withhold sums due to the supplier and reserve the right to recover interest on capital paid by us due to non-compliance at supplier's end.

Tax refund

a) On account of change of law and introduction of the GST and in the event any tax/duty exemption is directly allowed to the supplier/seller/vendor/service provider or its vendors/sub-contractors and is thereby converted to a refund to the supplier/seller/vendor/service provider, then the supplier/seller/vendor/service provider shall be obligated within 30 working days, to adjust the amount so refunded to the extent applicable to DIAL's contract sum.

In the event the supplier/seller/vendor/service provider fails to comply with the aforesaid within 30 working days, then DIAL shall be within its right to adjust the refunded amount once known to DIAL, from any payment due by DIAL to the supplier/seller/vendor/service provider. However, if DIAL is unable to adjust the entire such amount for any reason then the supplier/seller/vendor/service provider shall be bound to immediately pay the unadjusted amount, as notified by DIAL, without any protest, delay or demur.

b) It is expressly agreed between the parties that they would provide all documents, challans, returns, certificates, etc. as may be reasonably required by the other party to support the claim for refund.

Right of adjustment in case of failure to comply with GST

Notwithstanding anything contrary contained herein, it is hereby agreed and understood by the supplier/seller/vendor/service provider that it shall be under an obligation to submit the requisite documentary evidence substantiating that the supplier/seller/vendor/service provider has complied with the requirements of GST provisions. It is clarified that in the event of failure to comply with the same, the payment of GST mentioned in the invoice including any interest, charges, penalty, etc. payable thereon by DIAL to the governmental authorities, shall be adjusted while releasing the payment by DIAL to the supplier/seller/vendor/service provider. However, if DIAL is unable to adjust the entire such amount for any reason, then the supplier/seller/vendor/service provider shall be bound to immediately pay the unadjusted amount, as notified by DIAL, without any protest, delay or demur.

Indemnification

The supplier/seller/vendor/service provider shall protect, defend, indemnify and hold harmless DIAL, its agents and employees, during the term and thereafter, from and against:

- i. Any statutory liability including but not limited to any claims raised, interest, sanctions, penalties imposed by the governmental authority or suffered by DIAL due to the non-compliance of the supplier/seller/vendor/service provider of the GST provisions.
- ii. Any and all losses arising from or incurred due to non-compliance by the supplier/seller/vendor/service provider of any GST provisions.

8. Bill address and submission:

All invoices related to this purchase order must be addressed to "Delhi International Airport Ltd, New Udaan Bhawan, Opp. Terminal 3, IGI Airport, New Delhi -110037" and invoice should be submitted to/at "Bill Inward Desk" located in this address along other relevant documents, required as per the "Check list for Vendor " attached with the Purchase Order.

Note: Suppliers/Contractors to ensure submission of Invoices "maximum within 15 days" of date of Invoice(s) to/at "Bill Inward Desk". Bill submission beyond 15 days from the date of Invoice(s) will not be accepted.

9. Tax Deduction at Source:

All payments to be made under this purchase order would be subject to deduction of tax at source, if any, as per the applicable law. In case any deduction is made from the bill, DIAL would provide appropriate tax deduction certificate upon request. Please indicate your PAN number / Works Contract registration number/ Service Tax registration number, in all your bills.

Vendor shall intimate the details of Lower or No Tax Deduction Certificates (hereinafter referred as LTDC) including Revised LTDC, if any obtained by the Vendor in the name of DIAL as issued by Income Tax Department, within 5 days from the date of receipt of certificate. In case of delay or no intimation to DIAL in providing the LTDC, TDS shall be deducted and deposited as per the normal rates as applicable under the provisions of Income Tax Act, 1961 and DIAL shall not be responsible for any claim of any whatsoever nature filed by the vendor on account of LTDC

10. Liquidated Damages:

0.5% per week of delay subject to maximum of 5% of the total order value

11. Guarantee Period/Defect Liability Period: ()\$ Ye:"YJ fj---

12. Dispute Resolution:

12.1 Any dispute, controversy or claim ("**Dispute**") arising out of, relating to, or in connection with this purchase order, termination or validity hereof, shall initially be resolved by amicable negotiations between the parties; and if not resolved through such negotiations the same shall be referred for arbitration to a sole arbitrator to be appointed by the Managing Director of DIAL or his nominee. The award passed by the Sole Arbitrator shall be final and binding on the parties. The arbitration shall be conducted under the Arbitration and Conciliation Act 1996 (the "**Arbitration Rules**") as amended time to time. The venue of arbitration shall be New Delhi, India and it shall be conducted in the English language.

12.2 During the arbitration, the parties shall continue to fulfill their respective obligations under this purchase order.

12.3 The arbitral award shall be in writing and shall be final and binding on the parties concerned.

12.4 This purchase order shall be governed by the laws of India. In respect of all matters arising out or relating to this purchase order, the courts at New Delhi shall have exclusive jurisdiction to the exclusion of all other courts.

13. Compliance With Statutes and Statutory Declaration

13.1 You shall obtain requisite license from the licensing authority under Contract Labour (R&A)

Act.1970, according to employee or labour engaged by you and get the aforementioned license renewed from time to time as and when due from the appropriate authority and shall keep valid and produce the same when called upon to do so by DIAL.

13.2 It is hereby declared by you that you are covered under EPF & MP Act and ESI Act. You hereby undertake and agree to deduct and remit, regularly, as required by law, the requisite contribution towards EPF & ESI in the state treasury, bank as the case may be and produce the relevant challans, returns and receipts for inspection and records as and when required by the DIAL.

13.3 You hereby undertake to fully comply with the provision of Contract Labour (R&A) Act 1970 and the rules made there under and EPF & MP Act 1951, ESI Act 1948, Minimum Wages Act 1948 and such other applicable laws including laws applicable to the labour employed by you for the completion of the Works.

14. Compliance With the Operation, Management and Development Agreement (OMDA).

It is understood and agreed by you that the Delhi International Airport Ltd. has entered into the OMDA dated 4th April, 2006 with the Airports Authority of India (AAI) and as per the terms of the OMDA, the AAI has a right, upon the termination of OMDA, to acquire the land, buildings, structures and other assets at IGI Airport. In the event of AAI exercising such right for any reason whatsoever, during the term of this purchase order (including any renewals thereof), all the rights and obligations of DIAL under this Agreement shall be automatically assigned to the AAI or such other person as AAI may nominate in this regard) without the need of any further action of the Parties. You are further deemed expressly to understand that AAI has the right to acquire, in accordance with the provisions of OMDA, any and all buildings, structures and other assets.

15. Variation:

NA

16. General Requirements:

16.1 The area where the Work is executed will be properly maintained by you. All debris will be cleared by you on a regular basis at your own cost. In the event you do not remove the whole of any part of debris within a period of 2 (Two) days then DIAL shall remove such debris and deduct from your bill the cost incurred for such removal of debris.

16.2 Prior approval from the Authorized Officer of DIAL shall be obtained by you before mobilizing the material to the site. DIAL shall endeavour to provide you the required permission /passes /permits as applicable for the execution of the Works provided that you shall comply with all applicable rules, regulations, laws and instructions of appropriate authorities including DIAL.

16.3 You shall adhere to all rules and regulations of the IGI Airport during the execution of the Works.

16.4 You shall not sublet or assign the Works to anybody without written permission from DIAL.

16.5 You shall ensure that no loss or damage is caused to the IGI Airport or any property belonging to the IGI Airport during the execution of the Works and shall fully compensate DIAL in the event of any such loss or damage.

16.6 You shall conduct safety drills strictly on daily basis to avoid any accidents.

16.7 Background Verification:

The Contractor shall ensure background verification of its Personnel(s), engaged for and in connection with the Services on their joining the Contractor. The Contractor shall also conduct the said background verification on annual basis at its cost and responsibilities. The Contractor shall also arrange for police verification of Personnel(s) and on request of DIAL shall provide such background & police verification reports of any/all of the Personnel(s) with DIAL. The Contractor shall also ensure that a proper training is imparted to the Personnel(s) so that they work in ethical and legal manner and meet service quality standard.

The Contractor agrees and undertakes to fully comply with all the Applicable Laws in relation to any Personnel(s) engaged by it for provisioning of Service at the Airport.

17. Safety, Health & Environment:

17.1 In case the Works are executed in the operation area, a work permit is required to be obtained from the User Dept! prior to start the Works in operational area as per the format issued by DIAL.

17.2 You are required to provide the high visibility jackets to your workers without which they will not be

allowed to enter the operational area to execute the Works.

17.3 You shall ensure that all safety precautions are taken during execution of Works and safety rules/laws/instructions issued by the appropriate authority and/ or DIAL shall be strictly complied with. You shall indemnify and keep on indemnifying DIAL for any loss, damage or cost that may arise/ be imposed on DIAL on this account.

17.4 The contractor shall be responsible for conducting their activities in IGIA premises in an environmentally responsible and eco-friendly manner, thereby complying with O&M standards of OMDA. They shall prevent and minimize environment pollution, induce healthy work practices within IGIA premises and shall adopt best environment management practices during their course of work. Contractor shall follow the environment management guidelines and shall be responsible for the waste & debris disposal in an environmentally safe manner.

17.5 DIAL operates Safety Management System (SMS) as per requirements mentioned in DGCA CAR Section 1, Series C, Part 1 and is also certified for ISO 45001:2018 OH&SMS. It is the responsibility of the stakeholders I contractors and their sub-contractors to comply with the requirements of DGCA SMS and ISO45001:2018 while working at IGI Airport and same will be audited by DIAL

18. Material/Plants/Equipments at Site:

Materials/resources will be stored at the premises entirely at your risk and cost. All of the materials shall be insured against fire and theft. You shall indemnify DIAL from this risk including risk of loss or damage to materials, site, resources or any property.

19. Utility Charges:

NA

20. Insurance

20.1 You shall obtain and possess, as a condition precedent to the commencement of the Works under this purchase order, from such insurer as may be approved by DIAL, a policy or policies of insurance indemnifying You and DIAL (including for this purpose every employee/ agent etc. thereof) from and against all liabilities arising out of or in connection with:

- a) any negligence, error, omission, breach of contract or default of you, or your employees, agents in the performance of the Works; and
- b) any loss, cost, expense, liability, action, demand, claim or proceeding in respect of the personal injury to or death of any person or injury including claims under Workmen's Compensation Act, or damage to any property, arising out of any negligence, act, error, omission, breach of contract or default by you or any of your employees, agents in the performance of this purchase order.

20.2 Upon the request of DIAL, You shall produce for inspection the cover note or policy of the insurance and such evidence as DIAL may reasonably require.

21. Right to Suspend or Terminate Works:

21.1 DIAL reserves the right to immediately suspend the Works or to terminate this purchase order/ agreement if, in the opinion of DIAL, serious harm would otherwise be caused to any person, any property or to DIAL's operations due to the acts or omissions committed by you or committed on your behalf by your agents, sub-contractors or persons employed by you. In such event DIAL shall be entitled, at its sole option to engage the services of another contractor for completion of the Works.

21.2 In the event you fail to perform any of your obligations, or commit breach of any terms and conditions under this Agreement, DIAL may terminate the Agreement and all your rights hereunder shall be ended. Termination shall be effective on the date that DIAL specifies in its written notice. No further Works shall be undertaken by you after specified date of termination.

21.3 DIAL may terminate this Agreement at any time by giving you at least one (1) calendar month written notice of such termination,

21.4 In the event of termination by DIAL, you shall be paid such amount as is appropriate and payable for the part of the Works under this contract, up to the date of termination, that have been performed to the satisfaction of DIAL

22. Quality of Work:

Quality of materials and workmanship should be of International Standards and should comply with latest applicable specifications code and as per drawings and specifications issued by DIAL or its Authorized Officer. Payment shall be subject to the quality of Works and material. DIAL or its Authorized Officer in its sole discretion would decide regarding the quality of Works.

23. Inspection and Completion of the Works:

23.1 DIAL may nominate any person or employee as an Authorized Officer who shall represent DIAL for the purposes specified under the provisions of this purchase order [referred to as the "Authorized Officer"]. The Authorized Officer shall have full power to inspect drawings of any portion of the Works, examine the materials and/ or the workmanship of the Works at any point during the execution of the Works.

23.2 Final Inspection and acceptance of the Works shall be carried out by Authorized Officer of DIAL after the same are intimated to have been completed by you, and shall be conclusive except as regards latent defects, poor workmanship or gross mistakes, and your warranty obligations. Pursuant to the final inspection, DIAL or its Authorized Officer in its sole discretion would decide the completion of Works and issue the completion certificate ["Completion Certificate"].

24. Indemnity:

You hereby agree to fully indemnify and keep indemnified DIAL, its employees, agents, directors and officers against any loss, damage or injury caused to any person resulting from the violation of any statute, ordinance or regulation by you or any of your agents, employees, officers. In addition, you also agree to indemnify, defend and hold harmless DIAL from and against any and all claims, liabilities, losses, costs or damages arising out of:

- a. breach of any of your obligations hereunder,
- b. breach of any Applicable Law(s), any omission, commission or deficiency in execution of the Services hereunder, by you.
- c. Any warranty, representation or statement you have made or may make to a third party in connection with the Services provided hereunder, and/or
- d. the Services performed by you hereunder.

25. Enforceability and Binding:

25.1 This purchase order binds and benefits the parties and their successors in interest, heirs, beneficiaries, legal representatives and assigns.

25.2 The un-enforceability, invalidity or illegality of a provision hereof does not affect or impair any other provision or render it unenforceable, invalid or illegal.

26. PBG/Security Deposit:

26.1 The Supplier shall furnish within 10 days of this order, a Performance Bank Guarantee for an amount equivalent to 10% of the Contract Sum as per the standard format of DIAL from a scheduled bank having its branch in Delhi and payable in favour of Delhi International Airport Limited. The said Bank Guarantee shall be valid for a period of one month after the expiry of Defects Liability Period/ Warranty Period whichever is later.

26.2 The Provision of Performance Bank Guarantee to be provided by supplier in accordance with this clause shall be a condition precedent to any payment by DIAL.

Law clause # In the event of a change in the taxes & duties, post signing of contract, the supplier and GMR agree to renegotiate the contract price such that the net impact of the change in taxes & duties gets factored in the price.

To this end, the incidence of any cost increase/ benefit of cost reduction, on account of change in taxes & duties, shall be passed on to the buyer.

Tax exclusive contract# the contract value is exclusive of all applicable Indirect taxes, levies, duties, cess and surcharges. Any Indirect tax (such as GST or any other tax) will be charged and recovered over and above the contract price. - -

Tax inclusive contract# the contract value is inclusive of all applicable Indirect taxes, levies, duties,

cess and surcharges (such as GST or any other tax as applicable on date of signing of contract).

27. Force Majeure

27.1 The Parties shall be not considered in default in *the* performance of its obligations hereunder, or be liable in damages or otherwise for any failure or delay in performance which is due to causes beyond its control and without its fault or negligence such as fire, explosion, flood or other natural catastrophe, civil disturbance, riot or armed conflict, pandemic/epidemic, Act of God, etc, (#ForceMajeure Event#).

27.2 The Party affected by an excusable delay will promptly provide written notice to the other Party, explaining in detail the full particulars and expected duration of the excusable delay, and will use its best efforts to remedy the delay if it can be remedied. The Parties shall continue to perform such of its obligations which are not affected by the Force Majeure Event and which are capable of being performed in accordance with this Purchase Order. If Contractor's performance of Works is delayed, DIAL may cancel Works scheduled during the excusable delay period or elect to extend the period of performance to cover the period of delay caused by the excusable delay. If performance of any Works is delayed for more than 30 days, DIAL may, without liability, cancel all or any part of this Purchase Order.

28. Variation/ Changes:

28.1 DIAL may at any time by written notice (including upon occurrence of a Force Majeure Event) make changes within the general scope of this Purchase Order in any one or more of the following:

- (i) Change in the services;
- (ii) description of material /Equipment/services
- (iii) time of delivery/delivery of services
- (iv) Place of Delivery/services
- (v) method of shipping and packing (if applicable)/rendering services
- (vi) place of inspection, delivery or acceptance
- (vii) quantities and schedules, etc.

28.2 If any such change causes any increase or decrease in the cost of or time required for performance of any part of work under this Purchase Order, an equitable adjustment in the Purchase Order price and/ or delivery schedule shall be made as per prior written approval of DIAL.

28.3 The Contractor shall implement the changes in the scope of the work or services, as the case may be, accordingly within 15 (fifteen) days from the date of such written notice from DIAL.

SUPPLIER CODE OF CONDUCT & BUSINESS ETHICS

This Supplier Code of Conduct and Business Ethics ("Code") has been formulated by GMR Group ("GMR") based upon the set of 'Values and Beliefs' and business practices that GMR follows. GMR values the relationship that it shares with all its vendors/ suppliers /service providers ("Suppliers") and believes in dealing with them in a fair and transparent manner. Similarly, GMR expects its Suppliers to comply with the terms set forth herein and also to ensure that there is transparency in their dealings in all their activities and sites worldwide.

1. Ethics and Integrity

In order to maintain high standards of social responsibility, all Suppliers are expected to conduct their business in an ethical manner and act with integrity.

a. Bribery and Corruption

The Supplier hereby warrant that, they will not, either themselves or through contractors or sub-contractors or through their agents/representatives, offer, promise or make any payment, gift, to any of GMR's employees, government officials or use other means to obtain an undue or improper advantage in a manner contrary to applicable laws (whether applicable in the place that the Supplier is situated in or elsewhere) and that, they have no knowledge that other persons who share a working relation with the Supplier's will, for the purpose of obtaining or facilitating the performance of, the contracts entered into between GMR and the Supplier's or such other connected contracts. Supplier shall uphold fair business standards in advertising ,sales, and competition. Nothing in this Code shall however render GMR liable to reimburse the Suppliers' agents or their associates for any such consideration given or promised or for any consequences arising out of such action that is violative of the applicable laws or involves using corruptive measures.

b. Integrity

Supplier warrant that, the Suppliers and / or their contractors and / or sub-contractors and / or agents / representatives maintain high degree of integrity during the course of their dealings with GMR. If it is discovered at any time by GMR that any business/contract whether directly/indirectly connected to the contracts was procured by playing fraud or by misrepresentation or suppression of material facts, the contract entered into between GMR and Supplier shall be voidable at the sole option of the relevant entity of GMR. For avoidance of doubts, no rights shall accrue to the Suppliers in relation to such business/ contract and GMR or any entity thereof shall not have or incur any obligation in respect thereof. If such acts of the Suppliers result in defaming GMR or results in third party claims or actions being brought against GMR, then in such case, the supplier shall be required to indemnify GMR from and against any and all losses or damages suffered by GMR.

c. Conflict of Interest

Supplier' warrant that they shall not enter into a financial or any other relationship with a GMR employee that creates any actual or potential conflict of interest for GMR. For the purpose of this Code , a conflict of interest arises when material personal interests of the GMR employee are inconsistent with the responsibilities of his/her position with GMR. If any such conflicts are present, the same shall be disclosed and approved in advance by GMR management.

2. Labour Laws and Human Rights

Supplier are expected to protect the human rights of their employees/ workers and to treat them with dignity and respect and in this regard, the Supplier warrant that, in all of their activities, Supplier shall operate in full compliance with the laws, rules, and regulations of the countries in which they operate and shall ensure not to use any form of forced, bonded, indentured, or child labour.

a. Child labour

Suppliers shall not employ/encourage employment of children, falling under such age group that is prohibited from being employed by the applicable law, for providing of services either internally or outside the premises of the Suppliers.

b. Forced labour

Suppliers shall not use forced Labour. Supplier shall not force/coerce the employees/workers to work or demand services from the employees/workers under the threat of some sort of punishment especially in cases where, the employees/workers have not undertaken voluntarily to work for the Suppliers. All the services being provided by the Suppliers' employees/workers must be voluntary and the employees/workers shall be free to leave the work or terminate the employment with reasonable notice. Suppliers shall further ensure that, contracts for both direct and contract workers clearly convey the conditions of employment in a language understood by the employees/workers of the Suppliers. Where Suppliers shall be responsible for payment of all fees and expenses, the Suppliers shall make the required payment to their employees/workers.

c. Fair Treatment

Suppliers shall provide a workplace free from hard inhuman treatment, or even the threat of any such treatment, any sexual harassment, sexual abuse, corporal punishment or other enforcement measures that compromise the individual's physical or mental integrity. Suppliers shall not threaten their

employees/workers with or subject them to harsh or inhumane treatment, including sexual harassment, sexual abuse, corporal punishment, mental coercion, physical coercion, verbal abuse or unreasonable restrictions on entering or exiting company-provided facilities.

d. Anti-discrimination

Suppliers shall provide their employees/ workers with a workplace free from harassment and/or deliberate discrimination or exclusion of preference made particularly on the basis of race, national origin, skin color, language, religion, caste, political affiliations, gender, gender identity, sexual orientation, marital status, age, disability, pregnancy and related medical conditions, military or veteran status, or on any other basis prohibited by applicable law.

e. Health and Safety

Supplier shall provide a safe and healthy working environment that poses no risk to health of the employees/workers working at their sites and ensure compliance with local and national regulations. Suppliers shall commit to creating safe working conditions and a healthy work environment for all of their workers.

f. Minimum Wages and Other Employee Benefits

Suppliers must pay the minimum salaries and employment benefits that are at least equal to the normal local salary or in compliance with minimum wages required by the applicable laws and regulations and provide all legally mandated benefits and satisfy all applicable employment laws.

3. Environment Protection

The Suppliers shall comply with all the applicable legal requirements, as well as with any existing industry standards and guidelines regarding the environment and sustainability, but at the very least (i.e. in the event that the legal requirements and/or any industry standards and/or guidelines are less stringent than the requirements below or do not exist at all) with the following requirement:

a) Resource Conservation and Emissions

Suppliers will use raw materials and natural resources in a responsible and economical manner and make every effort to reduce the consumption of energy (electricity, heating), water, and fuel by encouraging practices such as the modification of production, maintenance and facility processes, material substitution, conservation, recycling and material re-utilization, and further shall try to, reduce any associated emissions, try to use environment-friendly means of transport.

b) Hazardous Substances

Suppliers shall identify and manage substances that pose a hazard if released to the environment and comply with Applicable Laws and regulations for recycling and disposal. Suppliers shall ensure the safe handling, movement, storage, use, recycling and/or reuse and environment-friendly disposal of such substances, in their operations.

c) Improvement Objectives

Suppliers shall operate a systematic process of planning, training, implementation, monitoring and evaluation for review of the impact caused on the environment. Suppliers shall endeavour to use new progressive environmental technologies that lead to measurable improvements in terms of environmental impact (e.g. climate change).

4. Management Systems

Suppliers shall adopt or establish a management system designed to ensure/ facilitate compliance with the Code and applicable laws and regulations, identify and mitigate related operational risks, and facilitate continuous improvement. The management systems elements should include the following elements:

a) Documentation

Suppliers must maintain and urge their subcontractors to maintain the appropriate records necessary to demonstrate conformance and compliance with applicable laws and regulations and the principles and expectations specified in the Code.

b) Audits

Suppliers will use periodic self-evaluation or such other auditing procedures to ensure conformity to applicable laws and regulations and regulations and terms specified in this Code.

c) Implementation plans and Corrective Action Process

Suppliers shall have processes in place to make corrections or to address any deficiencies or non-compliances herein.

5. Usage of GMR Logo and Brand

Suppliers shall not use GMR name, logo and trademark for any which purpose without specific authorization by GMR. In case the Suppliers fail to adhere to the requirements specified in this clause, GMR shall have the option of terminating the contracts entered into with such Suppliers and seek such relief including claim/s for compensation or damages as are available to it under applicable laws.

6. Confidentiality

The Suppliers shall not pass any confidential information that belongs to GMR to any third party unless otherwise authorized by GMR or is made available to the Suppliers by GMR.

7. Reporting Concerns

The conduct expected from the Suppliers and compliance with the same in accordance with this Code is critical to the principles GMR believes in and the way it conducts its business.

Whistle Blower facility: If you have any complaints about compliance or ethics issues while working for or with GMR or want to report illegal or unethical activities, you may address the same to contact numbers below.

Whistle Blower facility: The supplier/ vendor shall give adequate publicity to the Whistle blower program of GMR at the project site, in order to facilitate any of their employees or persons connected with the business to raise concerns to the Ethics Helpline.

a) Phone: Toll Free Number, 1800 1020 467, operational from 24 hours on all working days of Operator and by selecting an appropriate language option.

b) Sending FAX by choosing option 2 after dialing the above number

c) Email# gmr@ethicshelpline.in

d) Postal mail to PO Box No 71, DLF Phase 1, Qutub Enclave, Gurgaon, 122002

e) Web Portal: www.in.kpmg.com/ethicshelpline

No communication shall be encouraged to any other authority/ external sources.

AGENCY/CONTRACTOR/SUB-CONTRACTOR/SERVICE-PROVIDERS:-COMPLIANCE REQUIREMENT WITH THE #SAXUAL HARASSMENT OF WOMEN AT WORK PLACE (PREVENTION, PROHIBITION AND REDRESSAL) ACT 2013#:

1. The Agency/Contractor/Sub-contractor shall have in place a robust policy, process and measures to address the cases of sexual harassment. The policy must be in compliance with the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act 2013, and as such, must have an Internal Complaints Committee presided over by a woman employee at a senior level. In the event of occurrence of any sexual harassment case, the Agency/Contractor/Sub-contractor shall take the matter to its logical conclusion, and in the process, it shall use its best endeavors to provide emotional, legal, medical and financial support to its aggrieved woman employee in accordance with the best practices followed in the industry. The Agency/Contractor/Sub-contractor shall reimburse to GMR group, if any such expenses are incurred by GMR group in that regard against reasonable documentary evidence.

2. The Agency/Contractor/Sub-contractor shall, at all times and during all stages of the legal process (viz., investigation, prosecution and appeal, if any), keep GMR group and its management informed and updated of all sexual harassment cases in which allegations of sexual harassments have been made by/against its employees.

Our Order No: 5000021861

Thanking you

Yours faithfully

For Delhi International Airport Ltd.

1 Overview

- **Title:** AGISS | Design, Build, integrate, Deploy
- **Purpose:** Deliver an end-to-end custom-built Airside Gate Integrated Surveillance System (AGISS) MVP for one pilot gate, covering software engineering, integrations, deployment, training, Hypercare and 3 Years support.
- **Delivery Model:** MVP-first with scale-out. Non-software components (hardware, OEM licenses, field works) may be procured directly or supplied by the bidder as separate line items.

2 Business Objectives

This MVP refers to a single-gate deployment of the full-featured AGISS solution. The objective is to validate functionality, integration, and operational workflows while keeping the solution modular and scalable for expansion to additional gates. All key features, including edge-based ANPR and UVSS scanning with embedded AI detection, must be fully delivered in the MVP.

Key objectives:

- Reduce bottlenecks at airside gates through automation and intelligent decision support
- Detect anomalies faster and with higher accuracy using rules and watchlists
- Provide a unified operator user interface for triage, incident handling, and reporting
- Integrate with existing systems, where possible to avoid duplication
- Establish a robust foundation for expansion across additional gates and sites

3 Scope of Work

3.1 End-to-End Operational Scenario:

Objective: For each vehicle, perform ANPR and UVSS underbody scan, enrich with watchlist/permit signals, derive an Allow/ Hold/ Review decision per rules, notify the operator in real time, and record an auditable trail.

Sequence of Operations:

1. Approach & Trigger: Appropriate sensors signal a vehicle approach, lane/gate IDs, Timestamps and relevant metadata captured.
2. Capture:
 - a. UVSS captures and stitches underbody images via OEM subsystem.
 - b. ANPR reads plate at the edge and outputs plate text, confidence, and frame reference.
3. Ingest & Correlate: Edge publishes structured metadata (session ID, plate/confidence, UVSS media refs, detection, device telemetry and other relevant information) to core with ordering guarantees.
4. Enrichment & Rules: Core fetches watchlist/permit status and applies rules/policies (confidence thresholds, anomaly score thresholds, lane policies, time-of-day).
5. Decision & Alert: System derives Allow/ Hold/ Review with rationale and surfaces an alert in the operator UI (evidence, history, recommendation).
6. Operator Action: Operator acknowledges/overrides/closes, AGISS records decision, rationale, timestamps, operator ID (audit-logged) and other relevant information.
7. Post-Event & Reporting: Daily summaries and incident reports are published including throughput, decisions, reasons, timestamps, and evidence links.
8. Latency target: Capture to Alert ≤ 3 seconds

3.2 In-Scope Solution Components

Bidders shall propose a system covering the components below and meet the minimum capabilities listed for each. Possible additions/features are welcomed.

Edge Processing, Detection & Transport - Minimum capabilities

- Handle triggers from loop or beam sensors
- Capture and stitch high-resolution underbody images, perform anomaly detection using OEM-provided embedded AI models, and publish structured metadata and detection results to core **services**
- ANPR subsystem shall perform edge-based plate recognition and publish plate text, confidence score, and image reference along with other relevant metadata to core services
- Collect device and lane health telemetry
- Ensure reliable transport with retry and ordering guarantees

Core Services - Minimum capabilities

- Ingest scan sessions and enrich with external signals such as watchlist hits, permit status, ANPR confidence scores, or other threat intelligence sources to drive rule-based decisions
- Maintain incidents with lifecycle states and audit trail
- Manage configurations for sites, lanes, and devices
- Manage rules and policies that drive detection and notification
- Provide user and role management with RBAC
- Capture comprehensive audit logs for operator and system actions

Operator Application - Minimum capabilities

- Real-time alert tray for triage.
- Acknowledge/close/reopen with notes and overrides; incident & evidence view.
- Search/review for incidents and scan sessions.
- Admin screens for rules, device health summary, and configurations.

Reporting & Data Access - Minimum capabilities

- Daily Operational Summary (on-screen, PDF, scheduled).
- Incident Report with stitched images/evidence (on-screen, PDF, scheduled).
- Other Dashboards:
 - o Throughput & Efficiency Dashboard (vehicles/hour, avg triage time, queue time)
 - o Watchlist & Permit Analytics (hits by reason, false positives)
 - o ANPR Quality Dashboard (read rate, confidence, mismatch rate)
 - o UVSS Anomaly Analytics (anomaly scores, types, trend)
 - o User & Usage Analytics (operator actions, peak hours)
- Report scheduling & distribution (email, export).
- Read-only APIs for approved consumers.
- OEMs knowledge bases (e.g. vehicle make/model/variant/year) shall be maintained current and updatable without code change.

Security & Observability - Minimum capabilities

- Enforce TLS for data in transit and encryption for data at rest
- Integrate with the identity provider for single sign-on

- Enforce role-based access control and least privilege
- Provide logs, metrics, and traces with operator dashboards
- Stream telemetry to AGISS health screen

3.3 Integrations to be Delivered

- ANPR or ALPR engine for plate text and confidence
- Watchlist and Permits source for allow, deny, or review decisions
- IdP (SSO)
- SMS and Email gateway for notifications and summaries
- Real-time alert push to the internal operator user interface is within the system boundary
- OEM-provided UVSS subsystem must integrate seamlessly with AGISS, delivering stitched underbody images and native AI-based anomaly detection results (e.g., anomaly score, heatmap reference, suspected object type) via structured metadata
- Authoritative Vehicle Registry (e.g., VAHAN or authorised intermediary) to validate ownership/RC status, fitness, insurance, permit/hypothecation at clearance issuance/renewal. Support scheduled revalidation and event-driven checks where available.

3.4 Items Outside the Custom Software (quote separately)

The following components are outside the custom software development but are critical to overall system delivery. Bidders must quote these separately as non-software components where applicable.

- Custom computer vision model development or MLOps such as data labelling, training, or drift monitoring, if suggested. However, embedded AI-based detection provided natively by the UVSS OEM is required as part of the MVP
- Hardware and field deployment such as under-vehicle rigs, cameras, illuminators, PLCs, barriers, mounts, cabling, civil works, and commissioning
- Original equipment manufacturer or platform licenses such as ANPR, messaging, database, operating system, and monitoring
- Mobile application, Voice Alarm, Video Management System, or NVR integrations
- Disaster Recovery secondary site and external audits or certifications
- Migration of historical data
- PLC/Barrier actuation integration and related safety certification.

Note: Bidders shall provide hardware sizing recommendations (CPU/GPU, RAM, storage, bandwidth, network requirements) and a list of all required OEM or software licenses. Specifications must be detailed.

4 Requirements

4.1 Functional Requirements

- Scan Sessions with links to media references and quality metrics
- Incidents with severity, reason codes, operator notes, and attachments
- Devices and Lanes with configuration, health, and firmware status
- Rules and Policies that drive detection and response
- System Configurations including retention and integration settings
- Users and Roles with access control mappings
- Audit Logs that capture user and system actions
- Reports and Schedules for daily summary and incident reports
- Overrides and Whitelists with scope and expiry

- Perform registry check at issuance/renewals, bind clearance to plate, owner/RC snapshot. Regular revalidation and auto set Hold/Review on mismatch
- Support automated ingestion of OEM make/model/variant/year updates. On unknown models, process with fallback, flag for curation, and auto-recheck post-update.

Key User Actions (non-exhaustive)

- Register and update devices, lanes, and gates
- Edit rules and policies
- Start or stop scanning for maintenance and tests
- Acknowledge and close incidents with notes
- Attach evidence to incidents
- Apply overrides or whitelists for specific plates
- Administer users and roles
- Update health thresholds for alerts
- Save report and exports
- Generate/schedule incident reports and daily summaries
- Send notifications through SMS and Email
- Serve processed data to approved third parties through secure APIs
- Search incidents with filters and pagination
- List scan sessions with links to stitched media
- View live device and lane health
- View watchlist hit history with reasons
- Lookup users and roles for administration
- Record "Allow/Hold/Review" decisions with rationale, timestamps, and operator ID (no PLC actuation).
- Export/audit operator actions and decision history.

4.2 Non-Functional Requirements for MVP

- **Performance:** Alert latency $\leq 3s$
- **Availability:** Target 99.9%
- **Security:** TLS for transit, encryption at rest, SSO, RBAC, centralized key rotation, auditable actions, secure software development practices
- **Retention:** Metadata retained for 90 days and stitched images for 30 days
- **Privacy & Compliance:** Implement per industry best practices and applicable privacy laws, including DPDP (India) and GDPR (as applicable),
- **Certification/Auditability:** Bidder to propose required audits/certifications and map controls.
- **Replicable Design:** The MVP must be modular and parameterized (site/lane/device configs) so It can be re-deployed without code change for additional gates, subject to site readiness.

5 Reference Architecture and Boundary

To ensure modularity, clarity of responsibility, and seamless integration, the AGISS solution is organized around a clear system boundary:

5.1 Outside the system boundary:

- UVSS rigs, cameras, embedded AI modules, and illuminators
- ANPR/ALPR cameras and firmware
- Appropriate sensors, PLC-controlled boom barriers

- Watchlist and Permit source systems
- Identity Provider (IdP)
- SMS and Email Gateway
- Registry provider (VAHAN or authorised intermediary),

5.2 Inside the system boundary:

- Edge software components (capture, detection, ingestion, telemetry)
- Transport mechanisms with retry/order guarantees
- Core services for configuration, rules, users, audit, and incident lifecycle
- Operator UI for triage, admin, and search
- Native incident lifecycle management
- Native health and performance monitoring.
- Reporting and dashboards
- Observability, logs, backup, and API services

6 Deliverables

- **Design Pack:**
 - Solution architecture and system boundary diagram
 - Data flow diagrams (DFD) and System-to-System event sequencing
 - User journey flows
 - Incident lifecycle
 - Security/NFR compliance mapping
- **Software Components:**
 - Edge processing modules
 - Data transport and telemetry agents
 - Core services and APIs
 - Operator UI and dashboards
 - Reporting engine
 - Data Dictionary
 - Deployment and configuration scripts
- **Integrations:**
 - Watchlist/Permit source
 - ANPR and UVSS OEM interfaces
 - IdP for SSO
 - SMS/Email notification gateway
- **Observability and Operability:**
 - Health dashboards
 - Alert thresholds and monitoring configs
 - Backup and restore drill procedures
 - Operability runbooks
- **Documentation:**
 - Installation and configuration guide
 - Operator training manual
 - API documentation
 - Design and security documents
- **Training:**
 - Hands-on sessions for admins and operators
 - Session recordings and materials

- **Support:**
 - o Hypercare (Post Go-Live Stabilization).
 - o 3 Years AMC including L2/L3 support
 - o A 180-day Defect Liability Period (from gate's Final Acceptance) per gate applies, the Bidder shall remediate, at no additional cost. AMC excludes remediation of defects covered under the DLP.

7 Implementation Plan and Schedule (Guidance)

- Agile Sprint plan (2-3 week cadence)
- Critical path showing dependencies (e.g., IdP readiness, watchlist APIs, UVSS OEM interface availability).
- Avg. staffed FTE per month by role.

8 Acceptance Criteria

- Full functional parity with this SOW
- E2E integrations validated with test/pilot data.
- Meets performance/security NFRs/ Replicability
- Reports generated accurately
- Zero blocking defects at handover
- All documentation and training delivered.

9 Service Levels for MVP

- **Performance:** Alert latency <= 3s
- **Availability:** >=99.9% per calendar month
- **Exclusions:** Scheduled maintenance (less than 2 hrs/month, notified 48 hrs in advance)
- **Incident response/resolution matrix** (PI-P3) with escalation
 - o Priorities; P1 (Critical), P2 (High), P3 (Medium).
 - o P1: respond 15 min, restore within 2 hrs | 24x7 coverage.
 - o P2: respond 1 hr, restore within 8 hrs | 24x7 coverage.
 - o P3: respond 4 business hrs, resolve within 3 business days | 24x7 coverage.

10 Audit and inspection rights reserved

11 Definitions and Abbreviations

- **AGISS:** Airside Gate Integrated Surveillance System
- **MVP:** Minimum Viable Product
- **UVSS:** Under Vehicle Scanning System
- **ANPR or ALPR:** Automatic Number Plate Recognition or Automatic License Plate Recognition
- **SOC:** Security Operations Centre | Ticketing System
- **PLC;** Programmable Logic Controller
- **IdP:** Identity Provider
- **SSO:** Single Sign-On
- **RBAC:** Role-Based Access Control
- **NFR:** Non-Functional Requirement
- **UI:** User Interface
- **API:** Application Programming Interface

- **DR;** Disaster Recovery
- **HA;** High Availability
- **UAT;** User Acceptance Testing
- **SLA;** Service Level Agreement
- **BOQ;** Bill of Quantities
- **AMC;** Annual Maintenance Contract

This addendum records to remove ambiguity on UVSS (2D & 3D), five-side imaging, interior evidence capture, and entry-permit flows (AEP/ADP/VEP, kiosk-based registration and Authoritative system/DB check and syncing), without changing the commercial model or timelines.

Definition: Visit represents individual vehicle entry event at a gate (used to link captures and decision).

A. UVSS (2D & 3D inclusive)

- a. Provide 2D & 3D scanning with automated detection to highlight unusual/suspicious patterns suitable for lane operations. Store the stitched UVSS image against the visit. Include capture quality checks.

B. Five-Side Images (Front/Rear/Left/Right/Roof)

- a. For each gate visit, capture and store a bundled set of five images linked to each visit for review/audit. Include capture quality checks.

C. Interior Photos/Videos (On body camera utilization)

- a. Allow the operator to capture photo/video evidence of the vehicle cabin/interior and bind it to the same visit.

D. D. Entry Permits / Kiosk/ DB

- a. Auto-validation for AEP (person), ADP (driver), and VEP (vehicle) and verification of the Work Order/Job Ticket (purpose).
- b. Support kiosk-based registration for legitimate visitors to create a temporary permit guided by respective SOP.
- c. Validation and Sync with authority systems/DBS.

All other inclusions, terms, conditions, service levels, acceptance criteria and deliverables remain as stated in the scope of work.

GMR Group Sustainable Procurement Policy

Sustainable Procurement ISO 20400: 2017

Our sustainable procurement policy reflects our firm commitment to integrating environmental, social, and ethical considerations into our procurement practices. Through top-level management support, we prioritize sustainability throughout the supply chain, ensuring responsible sourcing and impactful outcomes.

1. **Environment:** We prioritize resource efficiency, waste reduction, and minimize our carbon footprint.
2. **Social Responsibility:** We uphold fair labor practices, engage with communities, and champion diversity and inclusion.
3. **Ethical Business Conduct:** We operate with integrity, transparency, and zero tolerance for corruption.
4. **Stakeholder Engagement:** We work closely with our suppliers to promote ethical sourcing practices and ensure adherence to our sustainability standards. We will prioritize partnerships with suppliers who share our commitment to sustainability and responsible business conduct.
5. **Continuous Improvement:** Foster a culture of continuous improvement through feedback mechanisms and performance reviews.

This sustainability policy applies to all employees, contractors, and suppliers. Compliance with this policy is mandatory, and any violations will be addressed through appropriate disciplinary measures.

We will regularly review and update this policy to reflect evolving sustainability priorities and challenges,

Harshpal Singh

SUPPLIER CODE OF CONDUCT & BUSINESS ETHICS

GMR Group is committed to conduct its business operations in an ethical, inclusive and sustainable manner. With the overall vision of creating value for the society and core beliefs such as respect for individual and social responsibility, the Group aims to build infrastructure of national importance. In doing so, it is critical that GMR and its supply chain adhere to conduct business which is in line with ethical, environment, social and safety standards. These standards are a result of applicable laws (such as SEBI's Business Responsibility and Sustainability Reporting mandate¹), industry best practices and other industry benchmarks.

We aim to collaborate with our suppliers towards improving sustainability performance. This Supplier Code of Conduct and Business Ethics ("**Code**") has been formulated by GMR Group ("**GMR**") based upon the set of values, beliefs and business practices that GMR follows. GMR values the relationship that it shares with all those who provide goods and services to GMR ("**Supplier(s)**")² and believes in dealing with them in a fair and transparent manner.

We expect our suppliers to fully comply with all applicable laws and to adhere to recognized human rights as well as environmental, social and corporate governance standards ("ESG Standards"). This Code sets forth the minimum standards that GMR expects from its Supplier(s), in terms of its values, beliefs and business practices including transparency in all of their activities worldwide and in compliance with SEBI BRSR and other local laws (as applicable) disclosure and assurance obligations. The Supplier(s) are required to comply with and adhere to the provisions of the Code, when conducting business with GMR. The Supplier(s) are responsible for ensuring their employees, directors, partners, suppliers, representatives, agents, contractors and subcontractors ("**Representatives**") are also in compliance of this Code. If any of the requirements of the Code conflicts with the applicable laws, rules and regulations ("**Applicable Laws**"), then Applicable Law takes precedence. In such an event, the Supplier shall promptly inform us of about conflict. The Supplier shall duly adhere to all rules, regulations and/or such other conditions imposed by any Government Authority. The supplier shall keep the Company duly indemnified against all loss, damages, costs, expenses, proceedings, prosecution etc., arising out of any violation of the terms and conditions of the applicable laws, rules, regulations and orders passed in that regard. •

1. Ethics & Integrity

In order to maintain high standards of social responsibility, GMR is committed to uphold highest ethical standards and complying with all Applicable Laws which are applicable to them and requires all its Supplier(s) to conduct their business in an ethical manner, act with integrity and at a minimum to adhere the following:

¹ Some of the entities of GMR are having its securities listed on recognized stock exchanges in India and required to comply with various regulations, rules and guidelines of the Securities and Exchange Board of India ("SEBI") including Business Responsibility and Sustainable Reporting ("BRSR"). In terms of the extant guidelines of the SEBI, GMR is also required to disclose and assure regarding its Supplier(s).

² The word 'Supplier(s)' includes any individual, trust, partnership entity, company, organization, joint venture, suppliers, vendors, service providers, contractors, subcontractors, consultants, or any other Value Chain Partner, as the case may be.

a) Bribery and Corruption

The Supplier(s) shall not, either themselves, or through their Representatives or any other intermediaries take recourse to any unethical behaviour (implicit or explicit), or offer, promise, make or give any payment (including cash, gifts, hospitality and entertainment) regardless of value to any of GMR's employees or government employees/officials/functionaries, with an intention or appearance of influencing a business decision or securing an improper business advantage, whether directly or through third party, or use other means to obtain an undue or improper advantage in a manner contrary to the Applicable Laws (whether applicable in the place where the Supplier is situated or elsewhere). More specifically:

- i. The Supplier(s) or its Representatives shall not offer or accept bribe or use other means of obtaining undue or improper advantage, offer or accept any kickbacks and shall not take or cause its Representatives to take any actions which violate any applicable anti-bribery laws and regulations;
- ii. The Supplier(s) by themselves or through their Representatives shall, not take any advantage of any family/ social/ political connections obtain favourable treatment for its business or for obtaining any favours; and
- iii. The Supplier(s) shall not offer any cash, gift, hospitality or entertainment for the purpose of obtaining any advantage, order or undue favour.

The Supplier(s) and their Representatives shall uphold fair business standards in advertising, sales, and competition. Nothing in this Code shall, however render GMR liable to reimburse the Supplier(s) or their Representatives for any such consideration given or promised or for any consequences arising out of such action, whether or not, such actions violates the Applicable Laws or amount to corruptive practices.

The Supplier(s) shall implement adequate procedures to prevent employees or persons associated with its business from committing offences of bribery or corruption. The effectiveness of such procedure shall be reviewed regularly to ensure the procedures are operating effectively.

b) Integrity

The Supplier(s) and/ or their Representatives shall maintain at all time, high degree of integrity during the course of their dealings with GMR. If it is discovered at any time by GMR that any business/contract was procured by perpetrating fraud or by misrepresentation or suppression of material facts, whether directly/indirectly by the Supplier or its Representatives, the contract entered into between GMR and the Supplier shall be voidable at the sole option of the relevant entity of GMR. For avoidance of doubts, it is clarified that no rights shall accrue to the Supplier in relation to such business/ contract and GMR or any entity thereof shall not be liable or incur any obligation in respect thereof. If such acts of the Supplier result in defaming GMR or results in third party claims or actions against GMR, then in such case, the Supplier shall be required to indemnify and hold GMR harmless from and against any and all losses or damages suffered by GMR.

c) Falsification or Destruction of information

The Supplier(s) shall not make any statement or do any act that encourages or results in unlawful, untimely, false or intentional misrepresentation, concealment or destruction of information in order to deceive or mislead.

d) Conflict of Interest

The Supplier shall not enter into a financial or any other relationship with any GMR employee, officer or director that creates any actual or potential Conflict of Interest. For the purpose of this Code, a "Conflict of Interest" arises when material personal interests of an employee, officer or director of GMR are inconsistent or conflict with his/her responsibilities as employee, officer or director of GMR, as the case may be. In the event of occurrence of any such potential or actual Conflicts of Interest at the time of empanelment or during the engagement of the Supplier, the same shall be promptly disclosed to GMR by the Supplier.

e) Training

The Supplier shall conduct regular and adequate training of their Representatives(s) to impart appropriate level of knowledge and understanding of the contents of this Code, SEBI BRSR disclosure and assurance obligations, Applicable Laws and recognized standards.

f) Non-retaliation

GMR expects its Supplier(s) to have a policy and process in place for reporting of workplace concerns. The policy and process shall be transparent and understandable and must provide protection from retaliation, for both reporters and for those participating in any related investigations.

g) Trade and Sanction

The Supplier(s) shall comply and adhere with all Applicable Laws pertaining to export, re-export, import, or transfer of any controlled technology, product and/or services.

The Supplier(s) shall not engage, deal or transact with any party or any country, territory that at the time of engagement, dealing or transacting is or was subject to or under Sanctions. For the purpose of this clause, "**Sanctions**" means economic sanctions, laws, regulations, embargoes or restrictive measures administered, enacted or enforced on any person or person(s), sovereign country, region or locality imposed by a sovereign country, European Union or multilateral organization.

h) Unfair Trade Practices

The Supplier(s) shall desist from any unfair or anti-competitive trade practices.

2. Labour Laws & Human Rights

The Supplier(s) are expected to protect the human rights of their employees/workers and to treat them with dignity and respect and in this regard, the Supplier(s) warrant that in all of their activities, the Supplier(s) shall operate in full compliance with the Applicable Laws of the countries in which they operate and shall ensure not to use any form of forced, bonded, indentured, or child labour.

a) Child Labour

The Supplier(s) shall not employ/encourage employment of children, falling under such age group that is prohibited from being employed by the Applicable Laws, for providing of services either internally or outside the premises of the Supplier(s).

b) Forced labour

The Supplier(s) shall not engage or ensure its Representative shall not engage forced, bonded or compulsory labour and/or slavery or trafficking of people in its/their business or supply chain. The Supplier(s) shall further ensure that, contracts for both direct and contractual workers clearly convey the conditions of employment in vernacular language, understood by the employees/workers of the Supplier(s). The Supplier(s) shall pay contractually agreed salary, wages and allowance to their employees/workers on due date and ensure to comply with all Applicable Laws in this regard including Law on payment of minimum wages.

c) Equal Opportunity

The Supplier(s) shall provide *equal* employment opportunities and conducive environment for all without any discrimination or harassment particularly on the basis of race, national origin, skin colour, language, religion, caste, political affiliations, gender, gender identity, sexual orientation, marital status, age, disability, pregnancy and related medical conditions, or on any other basis prohibited by the Applicable Laws.

d) Fair Treatment

The Supplier(s) shall provide a workplace free from inhuman treatment or threat of any such treatment, sexual harassment, sexual abuse, corporal punishment or other enforcement measures that compromise the individual's physical or mental integrity. The Supplier(s) shall not threaten their employees/workers with or subject them to harsh or inhumane treatment, including sexual harassment, sexual abuse, mental coercion, physical coercion, verbal abuse, or unreasonable restrictions on entering or exiting company-provided facilities.

e) Anti-discrimination

The Supplier(s) shall provide their employees/workers with a workplace free from harassment and/or deliberate discrimination or exclusion of preference made particularly on the basis of race, national origin, skin colour, language, religion, caste, political affiliations, gender, gender identity, sexual orientation, marital status, age, disability, pregnancy and related medical conditions, or on any other basis prohibited by the Applicable Laws.

l) Freedom of Association and Collective Bargaining

GMR requires Supplier(s) to respect workers' rights with respect to freedom of association and collective bargaining in accordance with the Applicable Laws.

g) Health and Safety

GMR expects its Supplier(s) to provide a safe and healthy working environment in compliance with all Applicable Laws (including those related to working conditions and working hours), that poses no risk to health of the employees/workers working at their sites and ensure compliance with local and national regulations. The Supplier(s) shall ensure that all legal requirements including but not limited to occupational safety, emergency preparedness, occupational injury and illness, industrial hygiene, physically demanding work, machine safeguarding, sanitation, food and housing are addressed. The Supplier(s) shall take adequate steps to minimize the causes of hazards inherent in the working environment.

h) Minimum Wages & Other Employee Benefits

The Supplier(s) shall pay the minimum salaries and employment benefits that are at least equal to the normal local salary or in compliance with minimum wages required by the Applicable Laws and provide all legally mandated benefits and satisfy all applicable employment Laws. The Supplier(s) shall not discriminate between employee/workers on remuneration on the basis of race, national origin, skin colour, language, religion, caste, political affiliations, gender, gender identity, sexual orientation, marital status, age, disability, pregnancy and related medical conditions and pay to its employees and workers equal remuneration for work of equal value.

i) Workplace Safety and Prevention of Sexual Harassment

The Supplier shall have in place a robust policy, process and measures to address the cases of sexual harassment. The policy must be in compliance with the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act 2013, and as such, must have an Internal Complaints Committee presided over by a woman employee at a senior level. In the event of occurrence of any sexual harassment case, the Supplier shall take the matter to its logical conclusion, and in the process, it shall use its best endeavors to provide emotional, legal, medical and financial support to its aggrieved woman employee in accordance with the best practices followed in the industry. The Supplier shall reimburse to GMR, if any such expenses are incurred by GMR in that regard against reasonable documentary evidence.

The Supplier shall, at all times and during all stages of the legal process (viz., investigation, prosecution and appeal, if any), keep GMR and its management informed and updated of all sexual harassment cases in which allegations of sexual harassments have been made by/against its employees.

3. Environment Protection

The Supplier(s) shall comply with all the Applicable Laws, as well as with any existing industry standards and guidelines regarding the environment and sustainability, but at the very least (i.e. in the event that the legal requirements and/or any industry standards and/or guidelines are less stringent than the requirements below or do not exist at all) with the following requirements:

a) Environmental Compliance & Monitoring

The Supplier(s) shall establish and enforce policies and procedures related to their operations and products in compliance with the Applicable Laws on environment and sustainability.

b) Resource Conservation and Efficiency

The Supplier(s) shall use raw materials and natural resources in a responsible, efficient and economical manner and make every effort to reduce the consumption of energy (electricity, heating), water, and fuel by encouraging practices such as the modification of production, maintenance and facility processes, material substitution, conservation, recycling and material re-utilization. The Supplier(s) should prioritize the use of renewable resources and sustainable materials in their operations, whenever possible.

c) Climate Change and Carbon Emissions

The Supplier(s) shall consider setting up greenhouse gas emission management focusing on climate protection and low emission operations and adopt mitigation and adaptation measure to reduce GHG emission.

d) Hazardous Substances

The Supplier(s) shall identify and manage substances that pose a hazard if released to the environment and comply with the Applicable Laws for safe handling, generation, processing, treatment, package, storage, transportation, reprocessing, collection and conversion. The Supplier(s) shall ensure safe handling, movement, storage, use, recycling and/or reuse and environmentally friendly disposal of hazardous substances, in their operations.

e) Pollution Prevention and Waste Management

Suppliers are expected to implement practices that minimize pollution including adoption of sustainable practices in their operations. Supplier(s) should strive to eliminate or reduce waste generation and promote recycling and reuse of materials. All waste must be handled, stored, treated, and disposed of in accordance with Applicable Laws.

f) Biodiversity

The Supplier(s) shall take proactive steps to protect biodiversity and ecosystem in their operations and supply chains. This includes avoiding practices that lead to habitat destruction or loss of biodiversity. The Supplier(s) are expected to commit to no

deforestation in their sourcing practices. This means ensuring that products sourced do not contribute to deforestation or degradation of forests. The Supplier(s) should adopt land conservation practices that promote sustainable land use while protecting ecosystems.

g) Sustainable initiatives and practices

The Supplier(s) shall inculcate sustainable practices in their operations and start new initiatives to reduce their impact on the environment. Conscious efforts and contributions shall be made towards sustainable development goals and GMR's sustainable initiatives and practices.

h) Improvement Objectives

The Supplier(s) shall operate a systematic process of planning, training, implementation, monitoring and evaluation for review of the impact caused on the environment. The Supplier(s) shall endeavour to use new progressive environmental technologies that lead to measurable improvements in terms of environmental impact (e.g. climate change).

4. Support for Local Economies

The Supplier(s) are encouraged to engage in local procurement practices that support the local economy, create jobs, and reduce transportation emissions.

5. Business Continuity

The Supplier(s) shall ensure implementation of plans and procedures to resume business in the event of any physical disaster (e.g. fire, flood, wind, earthquake, explosion, etc.) or work stoppage of any kind (e.g. labour strike, economic/social breakdown, etc.). Subject to terms and conditions of business continuity plan mutually agreed between GMR and the Supplier(s), the Supplier(s) shall resume services within committed timelines following a disaster or work stoppage event.

6. Prohibition on Insider Trading

If the Supplier(s) becomes aware of material non-public information or unpublished price sensitive information' ("UPS!") within the meaning of Regulation 2(l)(n) of the Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015 relating to GMR or its business, it shall not buy or sell GMR securities or engage in any other action to take advantage of that information, including passing that information on to others. In addition, if the Supplier(s) becomes aware of material, non-public information or UPS! about any other company, including GMR customers, suppliers, vendors or other business partners, that is obtained by virtue of the supplier's interaction with GMR, then the Supplier(s) shall not buy or sell that company's securities or engage in any other action to take advantage of that information, including passing that information to others.

7. Management Systems

The Supplier(s) shall adopt or establish a management system designed to ensure / facilitate compliance with the Code and Applicable Laws, identify and mitigate related operational risks, and facilitate continuous improvement. The management systems elements shall include the following elements:

a) Documentation

The Supplier(s) shall maintain and ensure their Representative(s) maintain appropriate records necessary to demonstrate conformance and compliance with the Applicable Laws and the principles and expectations specified in this Code.

b) Audits

The Supplier(s) shall periodically evaluate and conduct audit of their processes and systems to ensure conformity to the Applicable Laws and this Code.

c) Implementation Plans and Corrective Action Process

The Supplier(s) shall have processes in place to make corrections or to address any deficiencies in implementing or non-compliances of this Code.

8. Intellectual Property Rights/Usages of GMR Logo and Brand

The Supplier(s) shall take all steps to adhere to the intellectual property rights of GMR including but not limited to the GMR copyrights, patents, trade secrets and trademarks.

The Supplier(s) shall not use GMR name, logo and trademark for any purpose without specific written authorization of GMR. In case the Supplier(s) fail to adhere to the requirements specified in this clause, GMR shall have the option of terminating the contracts entered into with such Supplier(s) and seek such relief including claims for compensation or damages as are available to it under the Applicable Laws.

9. Confidentiality

The Supplier(s) shall not pass any confidential information that belongs to GMR to any third party unless otherwise authorized by GMR.

10. Public Representation

The Supplier(s) shall not, without express written consent from GMR's authorized representative, engage in any communication with the media, including press conference, briefings, interviews, or public forums, future prospects, or financial projections.

11. Non-compliance, Violations and Termination

Each Supplier(s) shall ensure that all suppliers, subcontractors, and agents it uses to fulfil obligations or commitments to GMR, comply with the Code or impose substantially similar obligations. The Supplier(s) shall acknowledge that if they become aware of a violation, including its suppliers', subcontractors', and agents' violations,

they shall report to GMR and proactively address it. In the event of non-compliance with, or violation of the Code, GMR may provide the Supplier(s) a reasonable opportunity to remedy the issue through corrective actions, unless the violation is severe or incurable, or constitutes a violation of the Applicable Laws. In the case of violation of this Code, relevant entity of GMR may at its sole discretion suspend or terminate its contractual or other relationship with the Supplier(s) in addition to black listing such Supplier(s) from entering into any relationship with any one of the GMR group. In the case of a violation of the Applicable Laws, GMR shall also be entitled to disclose the matter to appropriate authorities. GMR may conduct audits / reviews / assessments of Suppliers' compliance of this Code or may appoint an external agency to conduct such audits/reviews/assessment of Supplier's compliance to this Code on its behalf.

12. Order of Precedence: Changes to the Code

If a conflict exists between this Code and the Applicable Laws, the Supplier(s) shall comply with the Applicable Laws. Where this Code requires obligations which are much stringent than as provided in the Applicable Laws, then the Supplier(s) shall follow requirements of this Code without violation of provisions of the Applicable Law(s). GMR reserves its right to amend, supplement or rescind the Code from time to time without the consent of the Supplier(s). In case of any changes to this code, the suppliers shall be informed about the changes.

13. Reporting Concerns

The conduct expected from the Supplier(s) and compliance with this Code is critical to the principles GMR believes in and the way it conducts its business.

14. Whistle Blower Facility

If the Supplier(s) or their Representatives have any complaints/queries about compliance of this Code or ethical issues while working for or with GMR or otherwise, need to report illegal or unethical activities, the Supplier(s) or their Representatives can address the same in the following manner.

- **Phone: Toll Free Number, 1800 1020 467** (operational 24 hours on all working days).
- **Sending FAX by choosing option 2** after dialling the above number
- **Email - gmr@ethicshelpline.in**
- **Postal mail to PO Box No 71, DLF Phase 1, Qutub Enclave, Gurgaon - 122002**
- **Web Portal: www.in.kpmg.com/ethicshelpline**

The Supplier(s) shall give adequate publicity to the whistle blower program of GMR at places where it operates, in order to facilitate any of their Representatives connected with their business to raise their concerns to the Ethics Helpline.
